

Just two and a half kilometers from the beautiful beach of Valle 'I Muria, in the picturesque countryside of Lipari, lies the Casa Gialla Farmhouse, a charming example of rural Aeolian architecture, with cozy and comfortable rooms with shaded terraces. The farmhouse is located on the hilly part of the island, in the village of Pianoconte.

For transportation you can use the public service, the stop is right in front of the farmhouse and connects to the center of Lipari, to the seaport and to all other the places of the island. If you are a fan of the “two wheels”, we recommend turning the island on a motorbike or scooter.

- Reserved Parking.
